

truth for today

AND ALWAYS.

One of the greatest ways we can find peace, wholeness and joy is to pay close attention to what is *truly* true and keep our hearts fixed there.

It is my absolute delight to create pretty things that speak of God's goodness, beauty and truth and draw us closer to Him.

May these cards remind you of His unfailing love and faithfulness and with each watercolor illustration, I hope a smile is formed, a memory is stirred and joy is found.
